- Comprised of 42 members
- Tasked with overseeing and participating in the development of the State Health Assessment and recommending potential priority health issues to the State Health Improvement Plan Steering Committee

# Existing 2017-2021 Priority Health Issues

Health  
Equity

Maternal &  
Child Health

Immunizations &  
Influenza

Injury, Safety &  
Violence

Healthy Weight,  
Nutrition  
& Physical Activity

Behavioral Health—  
Includes Mental Illness &  
Substance Abuse

Sexually Transmitted  
Disease—Includes Other  
Infectious Diseases

Chronic Diseases &  
Conditions—Includes  
Tobacco-Related Illnesses &  
Cancer

Alzheimer's Disease &  
Related Dementias

# State Health Improvement Plan: Health Equity

- Health equity knowledge, skills, abilities and capacities
- Vulnerable populations
- Economic stability
- Affordable housing
- Neighborhood safety
- Access to healthy foods
- Access to physical activity opportunities
- Cohesive communities

# State Health Improvement Plan: Maternal & Child Health

- Infant mortality
- Safe sleep
- Pre-term birth prevention
- Pregnancy-related maternal morbidity and mortality
- Maternal hypertension and hemorrhage quality of care
- Preventive and primary care utilization
- Children with special health care needs
- Patient-centered medical home model
- Primary care regional integration models
- Access to behavioral health services

# State Health Improvement Plan: Immunizations & Influenza

- Access to immunizations for infants and pregnant women
- Hepatitis B vaccination
- Influenza vaccination
- Access to immunizations for vaccine-preventable disease in children and teens
- Teen HPV vaccination
- Emergency Medical Services agency immunization programs

# State Health Improvement Plan: Injury, Safety & Violence

- Intentional and unintentional injuries and deaths
- Falls prevention
- Drowning
- Traffic fatalities
- Trauma
- Violence

# State Health Improvement Plan: Healthy Weight, Nutrition & Physical Activity

- Healthy food consumption
- Adequate access to food
- Healthy weight
- Supplemental Nutrition Assistance Program participation
- Breastfeeding policies and programs
- Baby-Friendly Hospitals
- Breastfeeding friendly workplaces
- Physical activity opportunities
- Bike lane/shared use paths

# 2022-2026 State Health Improvement Plan Next Steps

Ursula Keller Weiss, PhD  
Director

# Division of Public Health Statistics and Performance Management Florida Department of Health

# State Health Improvement Plan Development

# Priority Area Workgroups

- Priority Area Workgroup (PAW) members identify, monitor and report on goals and objectives for the priority areas selected by the Steering Committee
- The PAWs serve as the operational component for engaging cross-sector collaborators in efforts to address the priorities, goals and objectives
- PAW members serve throughout the duration of the State Health Improvement Plan

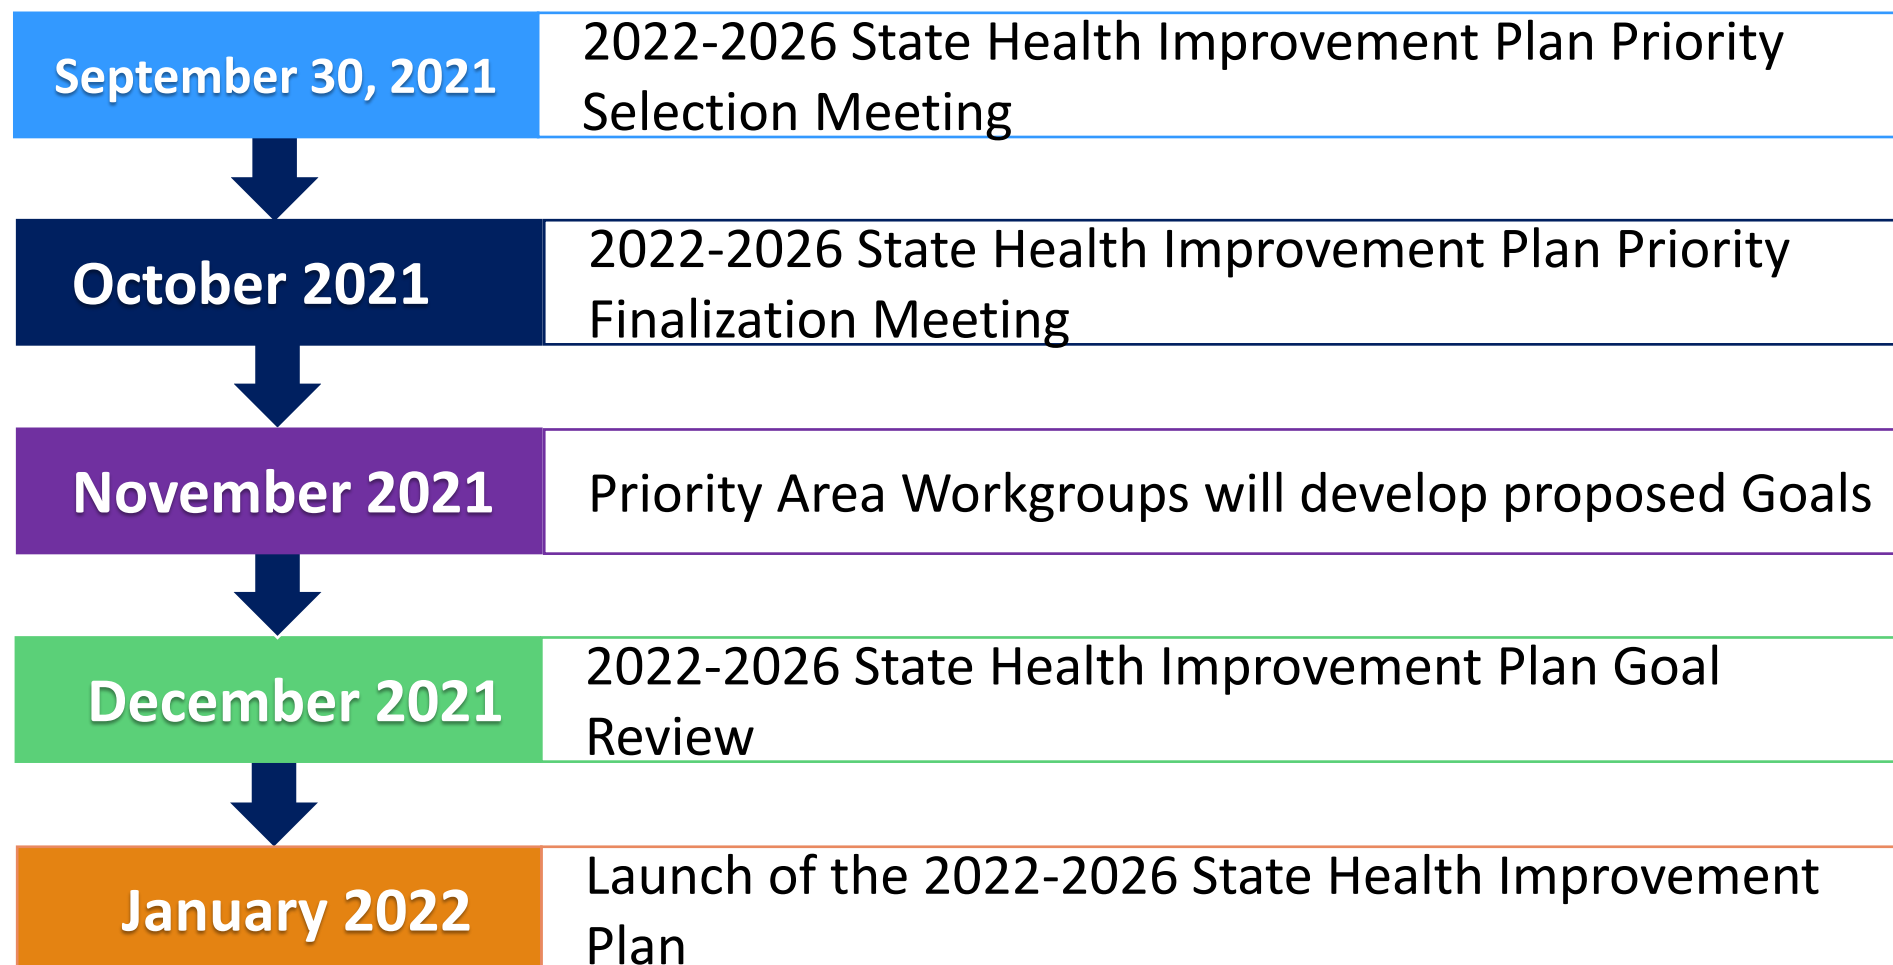

# Priority Area Workgroups

## **Member roles and responsibilities include:**

- Developing goals and objectives for each priority
- Creating implementation plans to drive action
- Monitoring and providing quarterly progress updates on activities
- Submitting an annual progress report with suggested revisions for review and approval by the Steering Committee
- Serving as champions for the State Health Improvement Plan by increasing awareness and engagement throughout their networks
